

NASoM Activities for 2018

On-going Projects with UOM:

- Noise level indicators in classrooms

Presentations regarding the Society objectives: UOM students, Secondary Schools, Civic Centres and Local Councils.

Radio/TV stations invites

Main topics discussed: Respect the Neighbours, Noise sources, Noise nuisance Regulations, Reporting noise nuisance. The Association several articles posted in the local media.

As in previous years the Association received several requests to assist those suffering from noise nuisance.

The Association is following-up the complaint presented to the EU Commission; infringement of the 'EU Law' by the Government, by a petition to the EU Parliament.

The NGO received requests from the public, who wish to give hands-on assistance.
