

NASoM Activities for 2019

On-going Projects with MCAST & UoM:

- Placing 'Noise nodes' in public areas to enable remote monitoring.

Noise survey presentations to: UoM students, Secondary Schools, Civic Centres and Local Councils.

Radio/TV stations invites

Main topics discussed: guidelines how to tackle nuisance from noisy neighbours. The Association posted articles in the local media regarding the effect of noise pollution.

The request for assistance from the public remained at the same level as in previous years.

The Association is following-up the complaint presented to the EU Commission; infringement of the 'EU Law' by the Government, by a petition to the EU Parliament.
